

Council Votes

On December 15, 2011, City Council voted 17-0 to pass three zoning bills:

- Bill 110845 replaces the current zoning code with the Zoning Code Commission's Final Report, which was approved by the ZCC on November 9.
- Bill 110835-A makes L&I decisions for conditional permits appealable to the ZBA and requires public notice of such permits.
- Bill 110844 transfers the current schedule of fees relating to zoning matters from the zoning code to the administrative code.

The Mayor will sign the bills into law on December 22. The new code will become effective in eight months.
